Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Monday 04 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Wintry showers overnight and into tomorrow. Icy conditions likely.

This Evening and Tonight:
Scattered wintry showers are likely to continue into the evening and overnight, mostly affecting eastern areas, falling as snow over higher ground. Clouds will part further west allowing for clear spells. Widespread frost and icy conditions are likely. Minimum temperature -3 deg C (27 deg F).

Tuesday:
A cloudy day, with wintry showers in the north through the morning, spreading southwards later. Coastal areas will remain mostly dry and it will feel cold with brisk winds. Maximum temperature 4 deg C (39 deg F).

Outlook for Wednesday to Friday:
Sunny spells and some wintry showers on Wednesday. Dry and bright on Thursday morning, before rain, sleet or snow later on. Mostly dry with sunny spells on Friday. Cold throughout.
